FISCAL ANALYSIS

ASSUMPTION

Officials of the **Department of Natural Resources (DNR)** assumes this proposal would no longer allow nonprofit water and sewer companies to enter into a joint municipal utility commission, therefore the proposal would have no fiscal impact on the Department.

Officials of the **Department of Economic Development- Public Service Commission** assume no fiscal impact to their Commission.

Officials of the **Office of Public Counsel** assume no fiscal impact to their office.

Oversight assumes this proposal would have no local fiscal impact. Local governments did not respond to this proposal. Those not responding are: Cities of Cameron, Springfield, St. Joseph, Kansas City and the Little Blue Valley Sewer District.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

Under current law, any nonprofit sewer or water district may enter a joint contract to form a joint municipal utilities commission. This bill grants this power to public sewer districts. Public water districts already have this authority. Nonprofit water and sewer districts would have this power restricted.

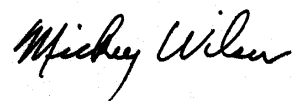

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
